

1. What is the **historical significance** of the Arizona? (give as much detail as possible)
2. What is the “**author’s purpose**” of both the project and the documentary? In other words, how and why did the project come to be? And what is the point (**purpose**) of the film?
3. Don Stratton said, “I’ve always struggled with the question - why me?”... What does he mean here? (**interpret the main idea**) Be sure to include specific facts/statistics to support your stance.
4. What was the most powerful statement or image from the documentary? How did it make you feel? (**reflect**)
